

# SCUBED - Ortum term 2018

Scubed **'it is what it is'** announced the Archbishop of Canterbury the Very Rev. Justin Case to waiting reporters.

**'All good things must come to end'** which is good news if you are a lover of Scubed jokes, puns, games, cakes, pizza and prizes as we look forward to the continuation of the Scubed program into the new term.

This term we are going to be discovering some fascinating facts:

**Joy** has researched how the population of China make more rubbish in a single hour than she does.

**Alan** has conducted extensive research into why drinks vending machines offer a wide selection of beverages (hot soup, white tea, black coffee with sugar etc.) but whatever button you press, it always tastes like hot soup with sugar.

**Bex** will explain that simply because she studied Languages at Technical College, it does not automatically follow that she would be rubbish at music. No. That was simply a coincidence.

**Michael** will talk about the importance of finding professional help when you need it. Admitting that he needed glasses and finally going to find an optician was **'the longest walk of my life'**. He got badly lost.

# Autumn Program 2018

*After the success of the Scubed Big Band at last year's Christingle service, band Leader Bex Briggs was really encouraged by the fact that so many people had things to say about the band. **'So many people had things to say about the band'** explained mother of two and amateur boxer Bex Briggs. **'Several people also asked us to learn more pieces for the next time we play. I don't know the tune, but a lot of people asked us to play 'Further away' the next time. I will look it up on the interweb'.***

*The Scubed big band leads worship at some 4.30 pm Sunday services (see below) so you know the time to start practising? (About 4.25pm perhaps?)*

## September

Just a few puns to get you started... I just found out I'm colourblind. The diagnosis came completely out of the purple

I was addicted to the hokey cokey... but thankfully, I turned myself around.

I got a new pair of gloves today, but they're both 'lefts' which, on the one hand, is great, but on the other, it's just not right.
